- Co-Host Global AI Chapter Bochum
- MVP seit Mai 2024
  - o Cloudkumpel Cast
  - o Cloudkumpel Blog
  - o Podcast "AI und Du – Copilot in Microsoft 365"
- Speaker bei verschiedenen Konferenzen/MeetUps

# Agenda

Overview

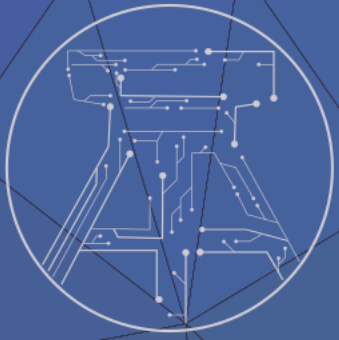

Power Automate

Power Apps

Copilot Studio

Power BI

Power Pages

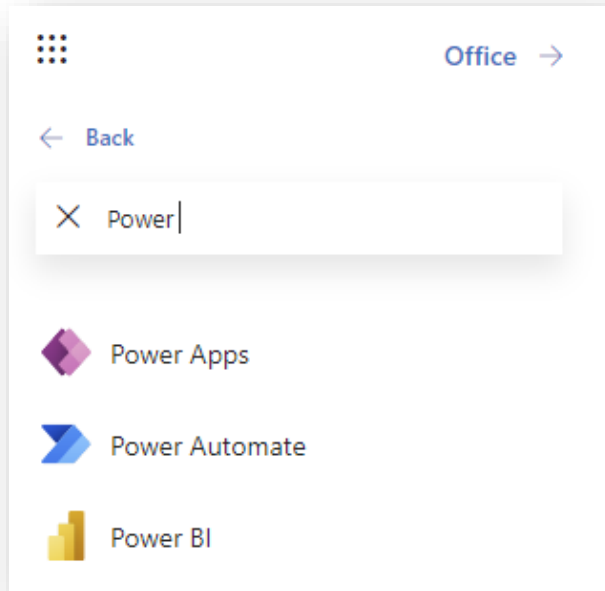

# Demo

Who is using the Power Platform?

# Microsoft 365 App Launcher

- If service is assigned as part of a License
- As dedicated License
- Hidden if no license is assigned
- ...BUT

# Microsoft Power Platform Licensing

There are more licensing options available to the user:

Power Automate Free  
Power Automate Trial  
Self-Service Purchase

Power Apps Trial  
Developer Plan  
Self-Service Purchase

Copilot Studio Trial

Power BI Free  
Power BI Trial  
Self-Service Purchase

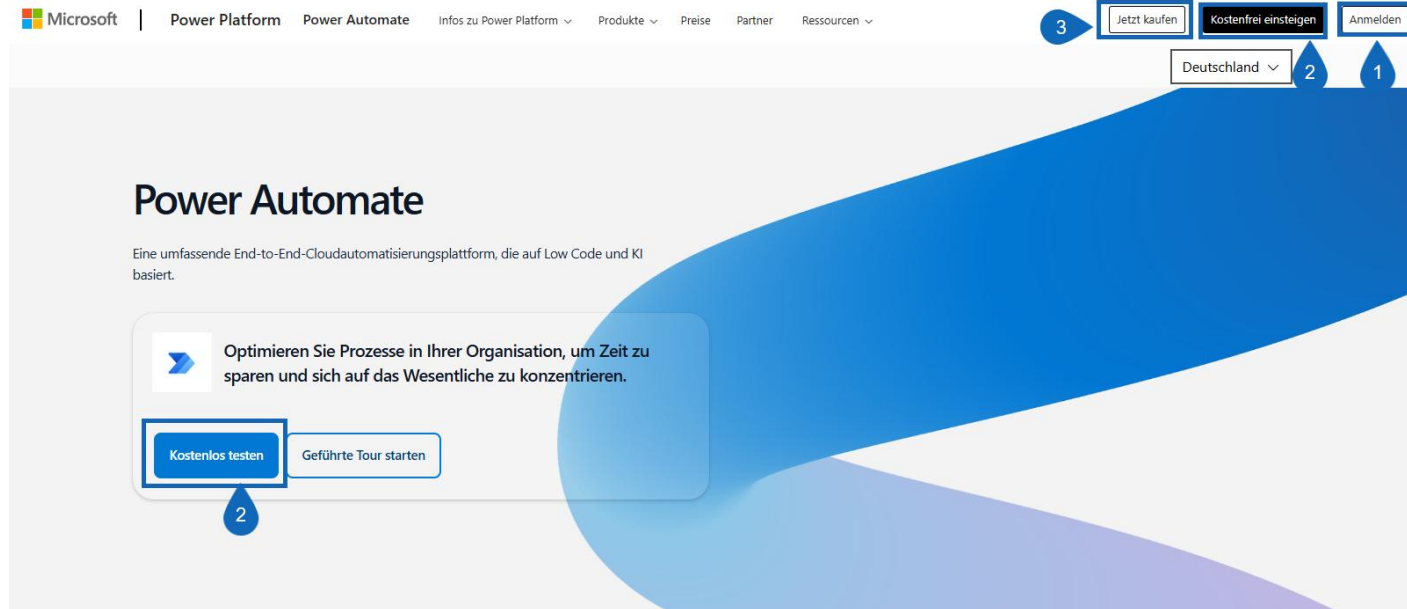

Power Pages Trial

# Power Automate Homepage

There are three options to access Power Automate through the website:

1. Sign in
2. Start free
3. Buy now

These three options aren't blocked by unassign a service / license

The following settings can be used to control the user access.

# Links also still work...

Users are also still able to open the service using the URL from any link they might find:

- <https://make.powerapps.com>
- <https://make.powerautomate.com>
- <https://make.powerpages.microsoft.com>
- <https://copilotstudio.microsoft.com>
- <https://app.powerbi.com>

# Power Automate gives you a free license

**Microsoft Power Automate Free**

9998 of 10000 licenses available

Apps (2)

Show apps for:

All licenses

Select all

**Common Data Service**

Microsoft Power Automate Free

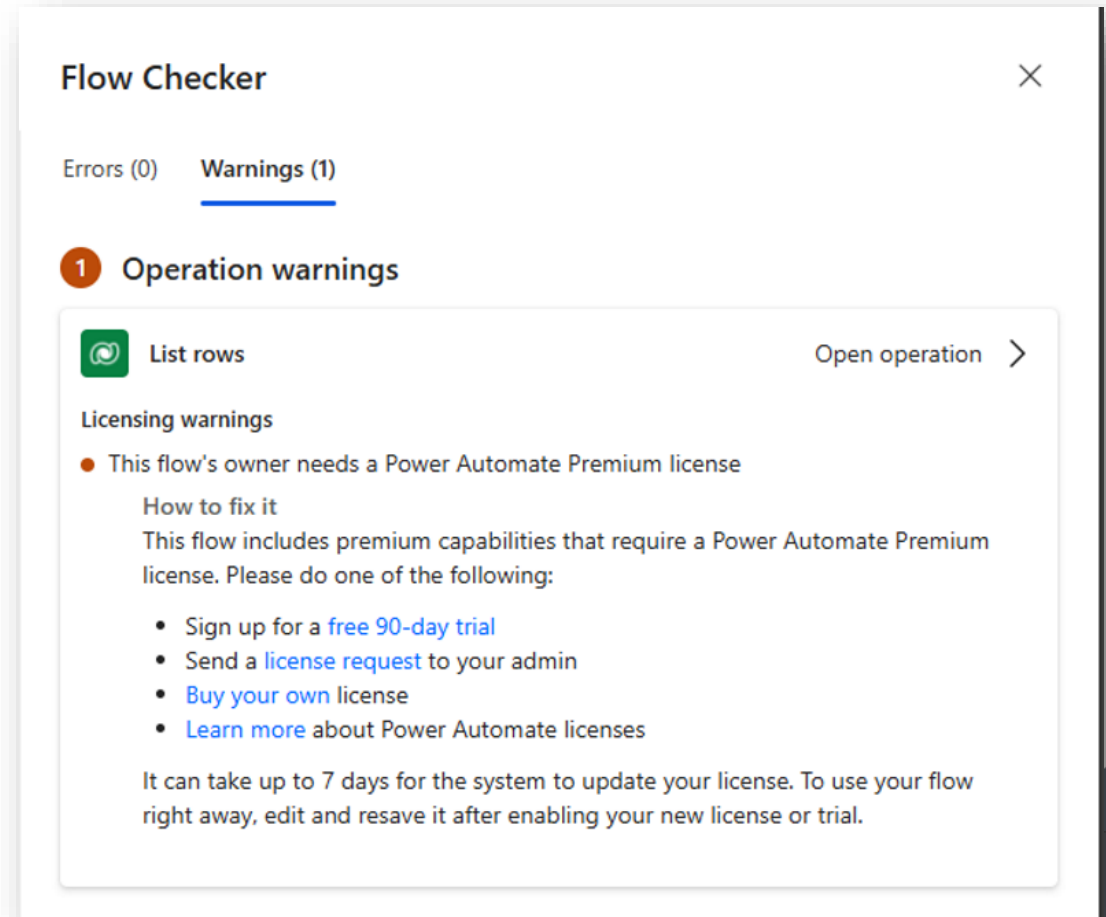

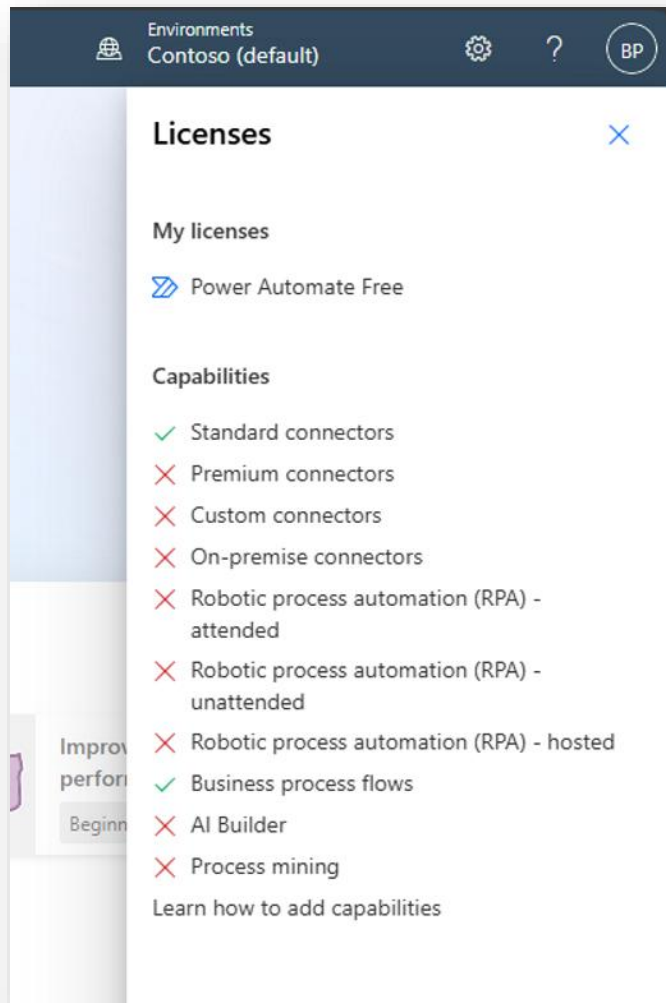

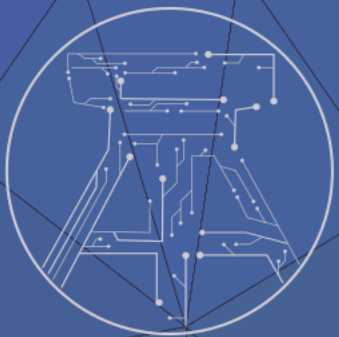

**Flow Free**

Microsoft Power Automate Free

# ...but not for Premium

# Consent Plans

# AllowedConsentPlan

Using the Power Apps PowerShell, it is possible to modify Consent Plan types:

```
## Query allowed consent plans  
Get-AllowedConsentPlans
```

```
types  
-----  
{Internal, Viral}
```

```
Remove-AllowedConsentPlans -Types Internal, Viral
```

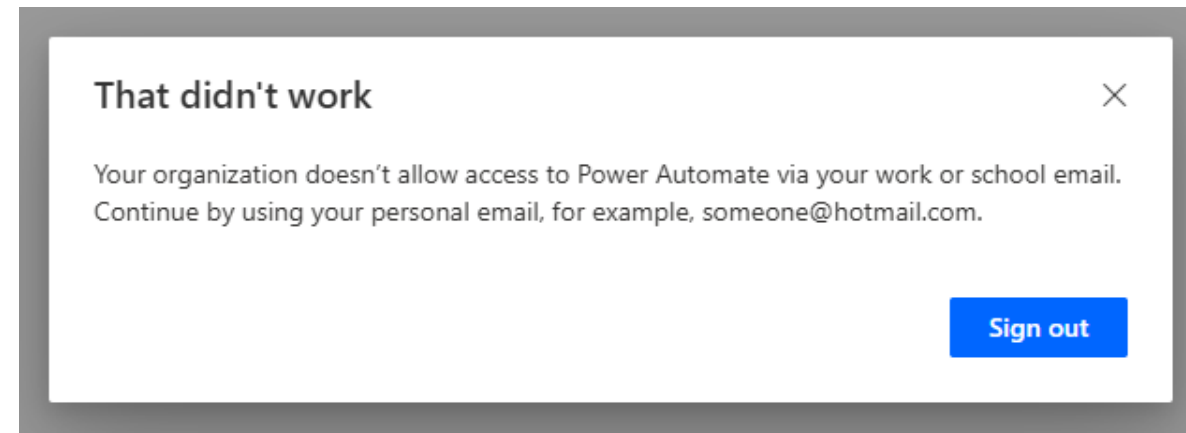

Are you sure you want to proceed? This command will remove all consent plans of the specified type(s) from all users within your tenant. Enter 'y' to proceed.: y

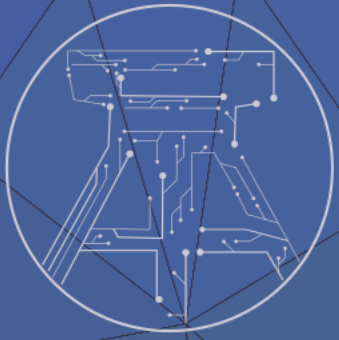

```
# Query allowed consent plans  
Get-AllowedConsentPlans
```

```
types  
-----  
{}
```

If "Internal" is removed, the following options aren't available:

- Option 1 (Sign In)

# Self-Service Purchase

# Self-Service Purchase

Self-Service Purchases still possible:

Get started with **Power Automate per user**  
for \$15.00 user/month  
Price shown in USD. Currency may vary by country.

- 1 Welcome back, The Master
- 2 Since you're already a customer
- 3 We can skip a couple steps
- 4 Finish signing up for this service
- 5 Start using Power Automate per user

Product name	Price (EUR)	Quantity	Subtotal (EUR)
<b>Power Automate per user</b> Billed monthly	€12.60	<input type="text" value="1"/>	€12.60

Subtotal before tax: €12.60

[Add payment method](#)

# AllowSelfServicePurchase

To control Self-Service-Purchases set the service to disabled using MSCommerce PowerShell module.

```
# Query self-service purchase settings for Power Platform Services
Get-MSCommerceProductPolicies -PolicyID AllowSelfServicePurchase |
?{$_.ProductName -like "Power*"}
```

ProductName	ProductId	PolicyId	PolicyValue
-----	-----	-----	-----
Power Automate per user	CFQ7TTC0KP0N	AllowSelfServicePurchase	Enabled
Power Apps per user	CFQ7TTC0KP0P	AllowSelfServicePurchase	Enabled
Power BI Pro	CFQ7TTC0L3PB	AllowSelfServicePurchase	Enabled
Power Automate RPA	CFQ7TTC0KXG6	AllowSelfServicePurchase	Enabled
Power BI Premium (standalone)	CFQ7TTC0KXG7	AllowSelfServicePurchase	Enabled

```
# Set AllowSelfServicePurchase policy
Update-MSCommerceProductPolicy -PolicyId AllowSelfServicePurchase -ProductId
CFQ7TTC0KP0N -Enabled $False
```

Get started with **Power Automate per user**  
for \$15.00 user/month  
Price shown in USD. Currency may vary by country.

- 1 Welcome back, Alien3
- 2 Since you're already a customer
- 3 We can skip a couple steps
- 4 Request Power Automate per user

Your organization doesn't allow employees to buy Power Automate per user. However, you can ask your admin to assign it to you and others.

Enter additional names

Enter a message for your admin

Enter a message to your admin asking them to assign you a license. If your organization requires any justification or information you should include that in your message.

Continue

# Power Apps Homepage

## Apps mit dem kostenlosen Power Apps-Entwicklerplan erstellen

---

Erstellen Sie schnell und effizient professionelle Apps für jedes Gerät – unabhängig von Ihrer eigenen Qualifikation.

- Geben Sie Ihre Geschäfts- oder Uni-E-Mail-Adresse ein, um zu starten.
- Erfordert weder Kreditkarte noch Zahlungsinformationen.
- Ihre Daten sind sicher, werden nicht weitergegeben und nur für Anmeldezwecke verwendet.

 Power Apps

### Los geht's

Geben Sie zu Beginn Ihre Geschäfts-, Schul- oder Uni-E-Mail-Adresse ein. \*

BrianJ@M365x92101828.OnMicrosoft.com

Wir können Sie derzeit leider nicht für die Testversion anmelden. Bitte versuchen Sie es später noch einmal.  
Fehlerkennung: a00fld61-5078-4c49-a629-ea5bcd99bb8d

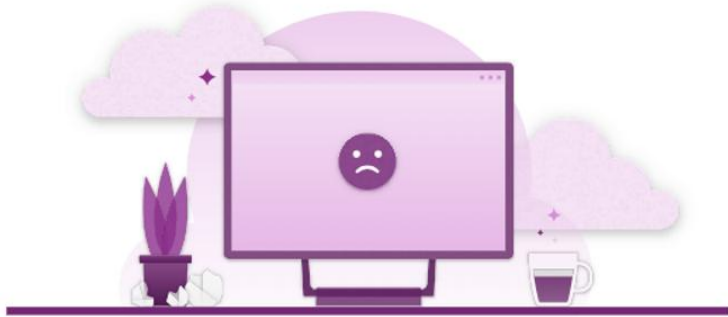

☒ Mit der Registrierung stimmen Sie den [Microsoft Online-Abonnementvertrag](#) und [Microsoft-Datenschutzbestimmungen](#) zu. Der Power Apps-Entwicklungsplan ist auf das Entwickeln und Testen von Apps beschränkt. [Erfahren Sie mehr](#).

Kostenlos einsteigen

# Power Apps

## You need a Power Apps license to use this app

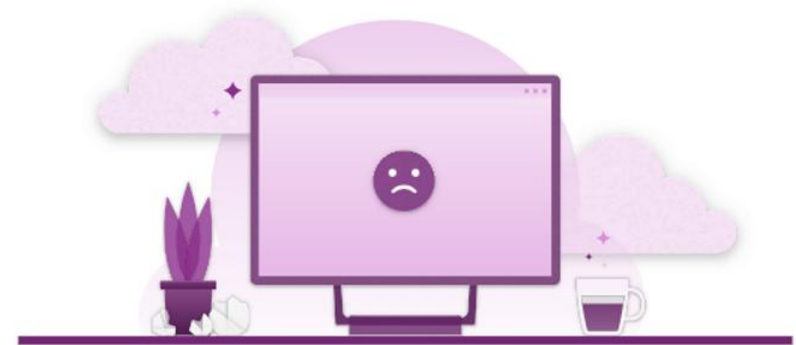

To continue, request a license from your admin, start a 30-day trial, or buy a license.

For more info, [learn more about trials](#) or [see Power Apps plans](#)

[Buy a license](#)

## You need a Power Apps license to use this app

To continue, request a license from your admin or buy a license.

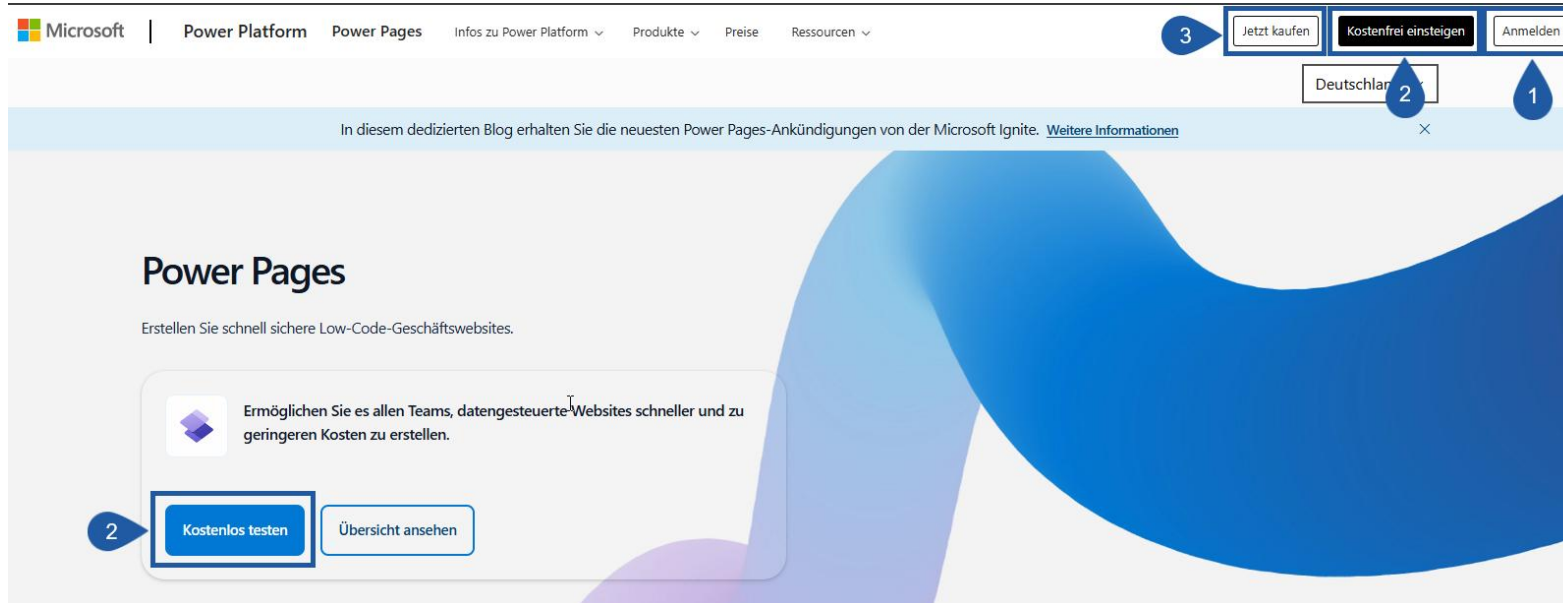

For all licensing options, [see Power Apps plans](#).

[Request license](#)

[Buy a license](#)

# Power Pages Homepage

There are three options to access Power Pages through the website:

1. Sign in – Cannot be blocked
2. Try free – Managed by Consent Plan
3. Buy now – Managed by “Self-Service-Purchase”

# Power Pages

## Create a developer environment

**About developer environments**

A developer environment is where you can create and update your website without breaking anything in the live site and, unlike trial environments, developer environments never expire. Once your updates are complete, move the site to another environment to publish it.

The new developer environment will be created in the europe region.

Creating this environment could take up to 30 seconds.

CreateCancel

User wants to create Env.  
from Admin Center:

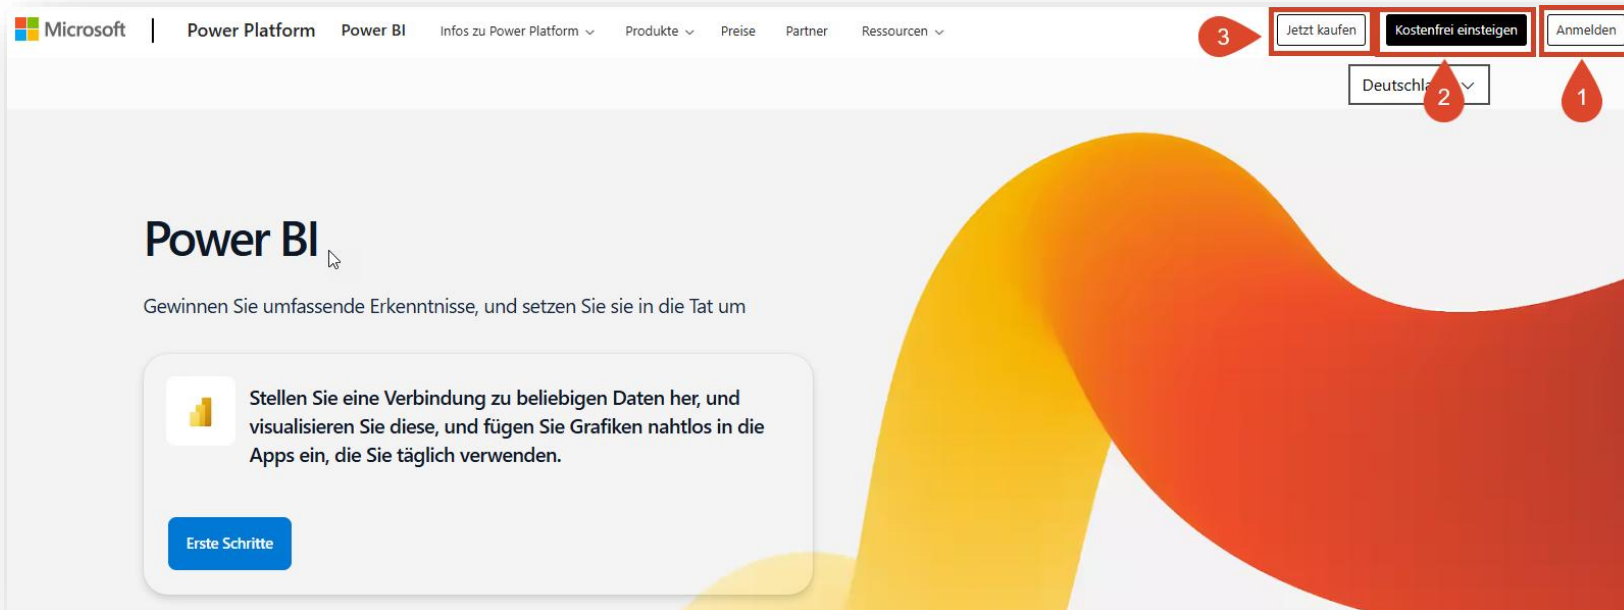

## Add Dataverse

*i* This operation is subject to [capacity constraints](#)

*x* Self service signup is blocked by tenant policy.

# Power BI Homepage

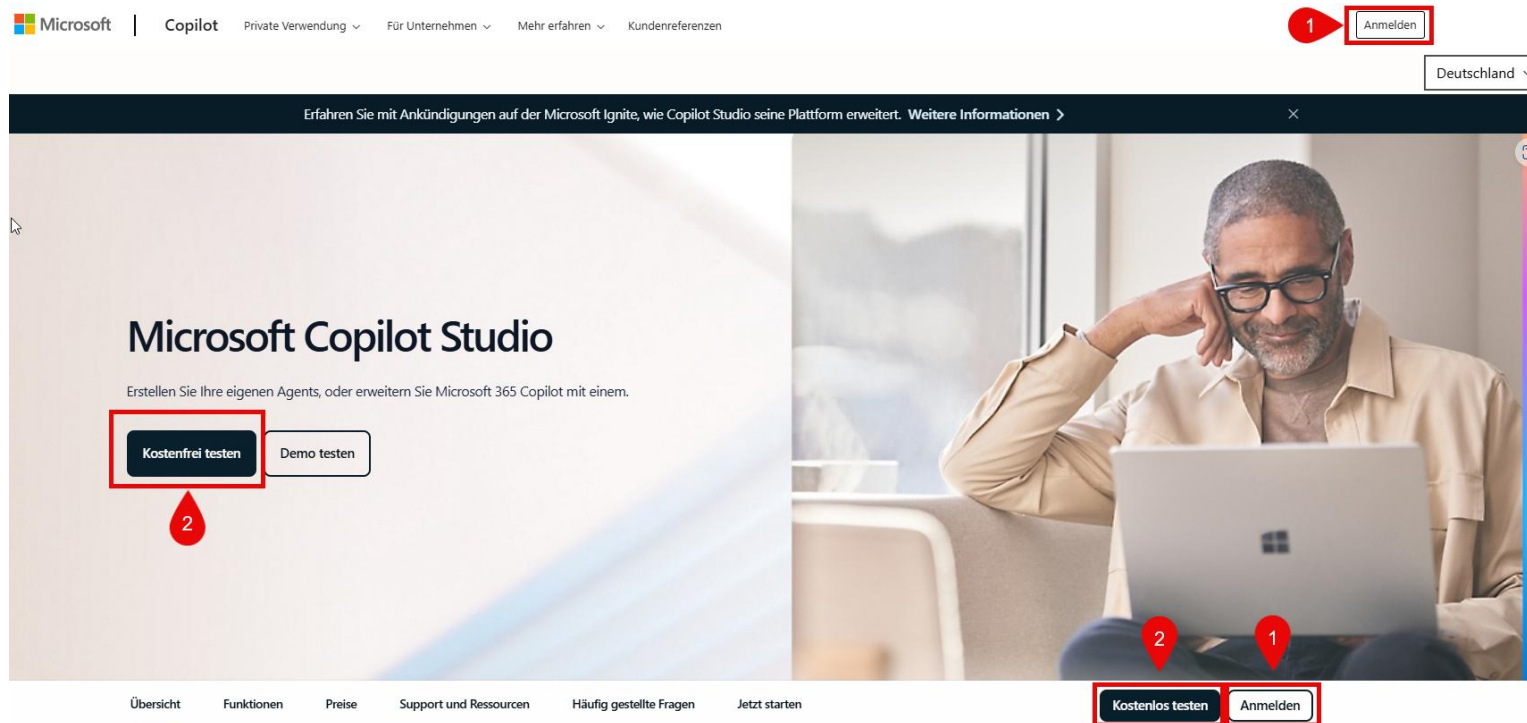

There are three options to access Power BI through the website:

1. Sign in
2. Try free
3. Buy now

# Copilot Studio Homepage

There are two options to access Copilot Studio through the website:

1. Sign in – Starts a trial when no license is assigned
2. Try free

# Copilot Studio Trial

Willkommen, Montgomery  
Scott

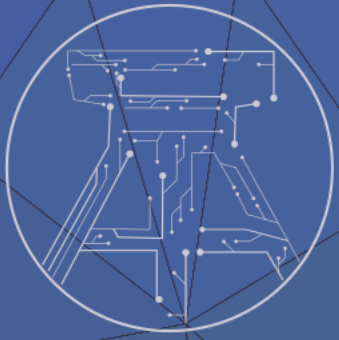

Bitte warten, während wir eine Verbindung zu  
Ihrer Entwicklungsumgebung herstellen

In Vorbereitung...

Umgebung		Typ	Zustand	Datave
Montgomery Scott	...	Entwickler	Bereit	Ja

- ☒ **Microsoft Copilot Studio Viral Trial**  
9997 of 10000 licenses available
- ☒ **Microsoft Power Apps for Developer**  
9996 of 10000 licenses available

# Email based subscriptions

# AllowAdHocSubscriptions

```
# Connect via MSOnline PowerShell  
Connect-MsolService
```

```
# Query current setting  
Get-MSOLCompanyInformation | Select AllowAdHocSubscriptions
```

```
AllowAdHocSubscriptions  
-----  
True
```

```
# Disble AllowAdHocSubscriptions  
Set-MSOLCompanySettings -AllowAdHocSubscriptions $false
```

```
# Check new settings  
Get-MSOLCompanyInformation | Select AllowAdHocSubscriptions
```

```
AllowAdHocSubscriptions  
-----  
False
```

By leveraging MSOnline PowerShell module, the tenant setting “AllowAdHocSubscriptions” can be set to “False”

- Blocks auto assignment of Power Automate Free Licenses
- Blocks Start Free and Try Free (Option 2)
- Still allows “Sign In” (option 1) or “Buy now” (option 3)
- If a user signs in an “invisible” Power Automate Free license is assigned

**Module MSOnline deprecated  
Removed March 20, 2025!!!**

# allowedToSignUpEmailBasedSubscriptions to the rescue

```
Import-Module Microsoft.Graph.Identity.SignIns  
  
Connect-MgGraph -Scopes „Policy.ReadWrite.Authorization“  
  
$param = @{allowedToSignUpEmailBasedSubscriptions=$false}  
  
Update-MgPolicyAuthorizationPolicy -BodyParameter $param
```

# allowedToSignUpEmailBasedSubscriptions

Set to \$false

Start free or Try free results in the following dialog:

# Demo

Who is using the Power Platform?

# Summary

- It takes multiple settings to control access to Power Platform
- Power Automate is still available as free service
  - Possible to mitigate with Tenant isolation
- Buttons in SharePoint, OneDrive or Lists still available
- Don't disable the Power Platform, adopt it!

Thanks for your  
attention!
